

Petition for *Support Our Troops* License Plate in Arizona.

Yes, I would like to see the official *Support Our Troops* license plate on the road in Arizona! This form does not require me to buy the plate. It just helps Support Our Troops® get the plate on the road. Any decision to buy the plate once it is issued is a separate decision. An email notification will be sent once the plate has been approved and is available in case I wish to acquire it but I am not obligated to do so. This petition makes me a free All-American member of the Arizona chapter of the Support Our Troops Association in order to meet the qualifications for Support Our Troops® to get the plate on the road in Arizona, and the bylaws and rules are accepted. The Association's goal is to bolster the troops and their families, who support all of us, and will function only electronically through the Arizona page of the Association's website (SupportOurTroops.org). **Let's get this plate issued!**

NAME	ADDRESS	SIGNATURE	EMAIL (NO JUNK EMAIL)

Please mail this form to: Melissa Taylor, Arizona Support Our Troops, Inc., 101 North First Avenue, Suite 950, Phoenix, AZ 85003. Mail even if you only fill it out yourself.

Support Our Troops, Inc. is a 501(c)(3) organization. Once issued, license plate revenues will be used to help keep their families intact while their parent(s) are engaged in protecting our families, whether it is a peacekeeping mission, a war, or a hurricane, flood, or other disaster.

Petition for *Support Our Troops* License Plate in Arizona.

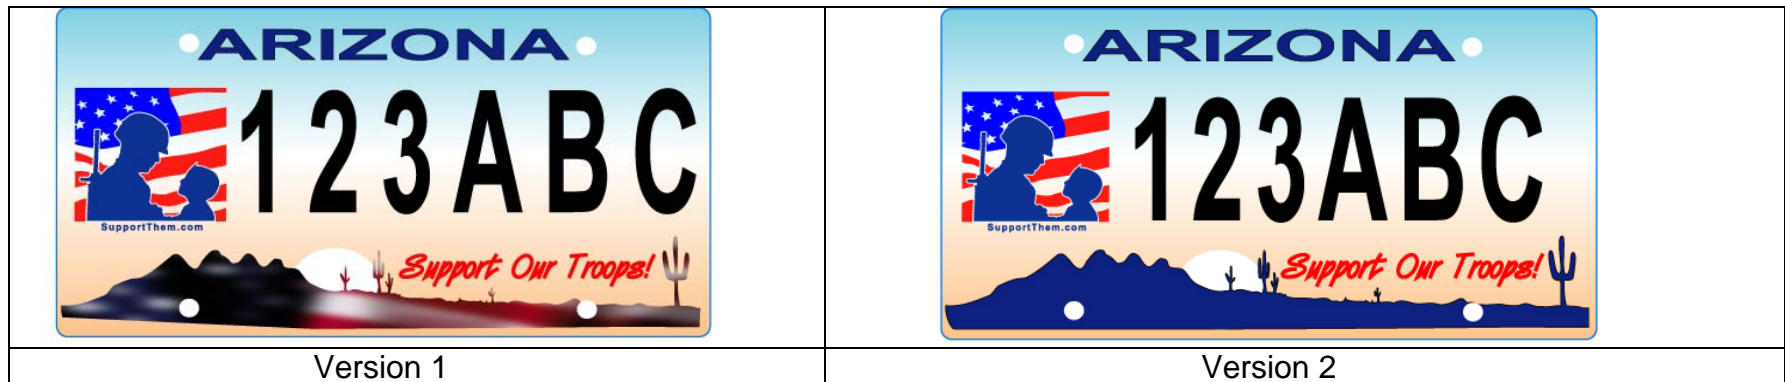

“The enemy may compel a parent to leave their family, but they will not steal the family’s future.”

General

Signing this form is not an obligation to purchase the plate, and is free. We will email you to let you know when the plate has become available in case you might like to consider purchasing it at that time or recommend it to a friend.

We need 200 signatures.

Support Our Troops® is built with the single goal in mind of supporting the families of the troops that support all of us. SOT provides a recognizable means by which we citizens can bolster the spouse and children of troops who are off protecting our families after September 11, 2001. We are “civvies” assisting the troops and their families. We are going to help pay for education, medical, home needs, emergency transportation, and the like -- the kinds of things that Dad or Mom could do if they were home. It is tough enough that they are away from their families protecting ours, – they should not have to sacrifice their kid’s futures too. We have official **Support Our Troops** motor vehicle license plates underway in states all across America.

They Support Us – Lets Support Them!™
